

List of Trust Service Providers (QTSP)

Skapad av Carmen-Alina MOT, senast ändrad den okt 18, 2022

List of Trust Service Providers confirming support of qualified seals for EPREL organisation verification.

Here you will find a list of suppliers (from the complete list), that explicitly signaled interest to the Commission in providing qualified electronic seals for the use required for EPREL.

This list has been compiled exclusively to facilitate suppliers in their search of providers delivering the "specific" desired service for EPREL. Providers not in this list are anyhow, in principle, qualified for providing the required service.

The below table will be updated with extra providers that manifest their interest in being included in it.

Please recall that this is an open market: any provider, in principle, established in any country may provide the service to a supplier in a different country (limitations, if any, are indicated in the table).

QSTP Name/Offer	ESeal support	Remote Identification	Identity Type	Duration (months)	Non supported EU/EEA/NI countries	Link to description (qualified seals)
Intesi Group SpA Qualified e-Seal	Cloud	Yes	VAT/NTR	1, 12, 36	-	https://www.intesigroup.com/en/eprel/ https://www.intesigroup.com/it/eprel-eseal/

D-Trust GmbH Kommandantenstraße 15, 10969 Berlin, Germany	HW Token (Smartcard)	Identification via German PostIdent, German Embassy, Notary	National Trade Register	36 Months / 3 Years	eIDAS compliant without Exceptions	https://www.d-trust.net/en/solutions/seal-services (d-						

We recall that the duration of the seal is irrelevant for the purposes of EPREL (it should only be valid when performing the electronic verification process). Only one seal is required for the verification of the organisation. No seal is required for registering models, afterwards.

The preferred "identity type reference" is "NTR" (i.e. a seal including the number of the registration in the national trade/business register) using the syntax of the EUID as defined in Regulation (EU) 2021/1042.

Country	Business Register ID	Registration number
---------	----------------------	---------------------
